Redefining Australian
benchtop surfaces

Leading the Way in Crystalline Silica-Free Surfaces

Continues to develop and deliver high-quality surfaces that are durable, look great and are completely safe in your home, since 1989.

A trusted brand, committed to providing a healthy and sustainable range with its new collection; QUANTUM ZERO recycled surfaces.

Developed using advanced technology, QUANTUM ZERO recycled surfaces are crystalline silica free making it the perfect choice for kitchen benchtops, splashbacks and various applications in bathrooms, laundries and commercial spaces.

Designed for maximum beauty and a seamless flow, QUANTUM ZERO recycled surfaces offer you design flexibility with 38 superior colours to choose from.

The innovative collection draws inspiration from the warmth and beauty of nature, offering a palette of luxurious marble-look designs, soft-touch matte surfaces through to classic clean colours, something for every home.

Bring your dream kitchen or bathroom to life with QUANTUM ZERO!

*No crystalline silica in any of the materials ingredients

NOTE: Quantum Zero is a recycled surface. It may contain variation in colour due to raw materials. Particles used in the products may sometimes produce minor irregularities such as blotches and coloured particles. The Ultra Natural range of colours combine a mix of unique veins with some natural variations. Vein structure may vary. It is recommended for the customer to view the whole slab. Due to the printing process colours may vary from those in this brochure and should be used as a guide only.

Your journey starts here with 38 inspirational designs to bring your dream kitchen or bathroom to life!

Quantum Zero Slabs

We're proud to lead the way with Quantum Zero — a revolutionary new benchtop surface designed for modern, health-conscious living. Formulated with 79–90% premium recycled glass and completely free from crystalline silica, Quantum Zero offers a safe, sustainable, and stylish solution for your home or next project.

Slab Size

3210x 1610 x 20 mm

Slab Identification

Every Quantum Zero slab is stamped on the underside to certify authenticity.

10 Year Limited Warranty

Quantum Zero surfaces are of the highest quality and offer a 10 Year Limited Warranty. Register your completed project online.

Edge Profiles

Quantum Zero recommends a minimum radius of 3–4 mm on edge details to ensure optimal performance. For Palazzo designs, a mitred edge of 40 mm or greater is recommended, as the digital print is applied only to the surface of the stone.

Here are a few of the popular edge profiles:

Arris
20 mm
